the estate

A country style mansion surrounded by 4 acres of lush gardens, The Residence lies adjacent to the Forest of Tatoi, at the feet of Mount Parnitha.

Under the shade of tall trees, garden footpaths unwind surrounded by a rich and vibrant plant collection, cultivated lovingly for more than 48 years.

A VENUE WITH CHARACTER

At The Residence, corporate events are transformed; the powerful energy of nature and the loving care of personalized service create powerful memories and a cherished personal experience. A short drive from metropolitan Athens will reveal a retreat that delights the senses.

AUTHENTIC ATMOSPHERE

The discreet luxury of the stylish décor and antique pieces exudes the elegant aura of a golden age that pleases and relaxes all the senses.

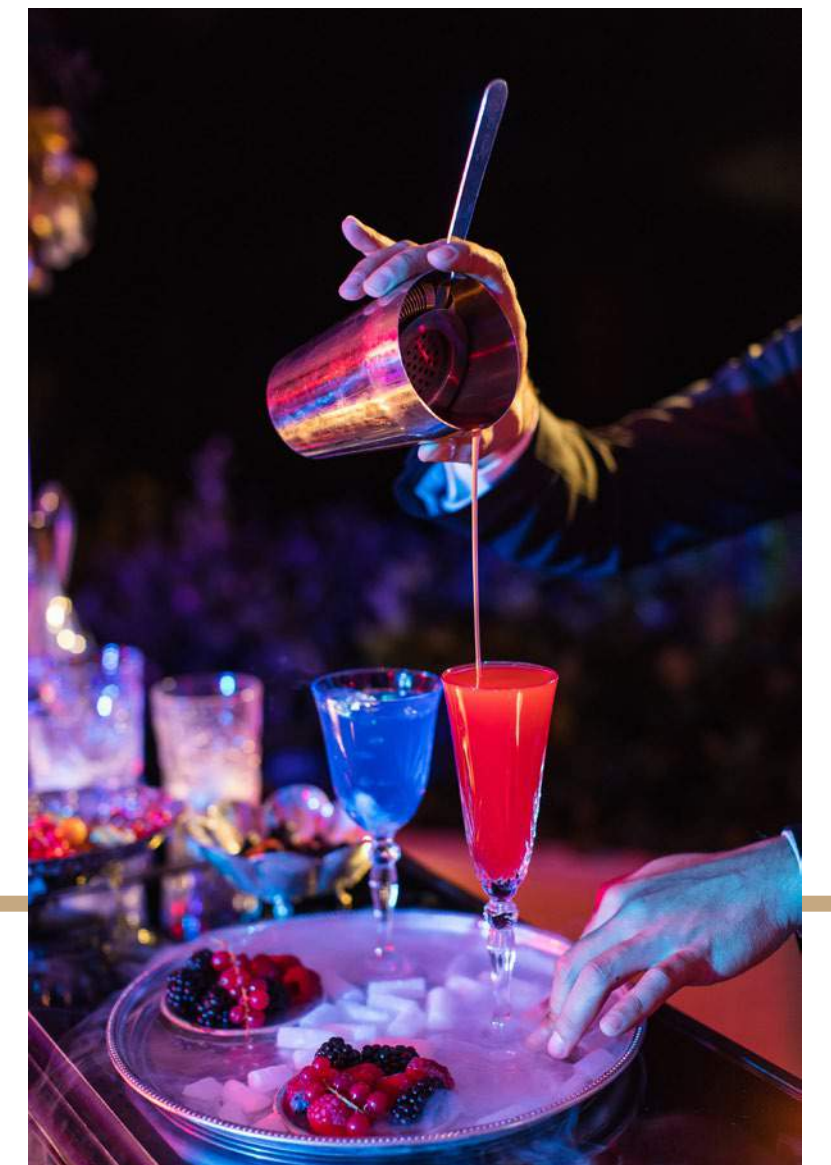

Under the gaze of portraits by renowned Greek Masters such as Iacovides, lie the same lounges that once welcomed political and artistic personalities of past decades.

Depending on the tone of the event, the enclosed veranda can be transformed into a relaxing lounge, a happening nightclub or a superb dining area with views to the surrounding gardens
